MEET THE FOUNDER

AMOL S. PANDIT

Amol S. Pandit is the founder and CEO of Omnilearn Professionals Private Limited, a global professional training and corporate learning organization focused on developing future-ready talent. He holds a master's degree in mechanical engineering from BITS Pilani and brings strong expertise in engineering, quality systems, and organizational excellence.

With a decade of experience as an engineer in the Ministry of Civil Aviation, he gained deep exposure to quality management, regulatory compliance, and operational governance. He later transitioned into professional training and consulting, specializing in Lean Six Sigma, project management, business analytics, and leadership development, delivering programs for Fortune 500 companies and leading institutions.

A certified Lean Six Sigma Master Black Belt, Agile Scrum Master, and Business Analyst Professional, Amol is also a recipient of the Indian Achievers Award for his contribution to education and skill development. Under his leadership, Omnilearn has become a trusted global learning partner across multiple high-impact domains.

ABOUT OMNILEARN

Omnilearn Professionals Private Limited is a global professional training and corporate learning organization focused on building future-ready skills for individuals and enterprises. With a presence in India, the UAE, and Canada, Omnilearn delivers industry- relevant classroom and corporate training across domains such as SQL database management, project management, data science, AI & ML, SAP, IT, cybersecurity, quality management, and leadership development. Their hands-on, outcome-driven approach combines instructor-led sessions, real-world projects, and career support, including resume building, interview preparation, and job assistance. Omnilearn's mission is to empower professionals with globally relevant skills that drive measurable business impact and long-term career growth.

ABOUT THE COURSE

SAP PP

The Production Planning (PP) in SAP S/4HANA course provides a comprehensive overview of planning and managing manufacturing processes using SAP's next-gen ERP system. You'll learn how to handle demand planning, material requirements planning (MRP), capacity planning, and production execution in real-time with integrated data. The course covers key elements like master data (BOM, routings), order processing, and shop floor control. Designed for production planners, consultants, and supply chain professionals, it blends theory with practical exercises in an S/4HANA environment. By the end, you'll be equipped to streamline production workflows, improve efficiency, and support smart manufacturing decisions in a digital landscape.

WHY CHOOSE US?

Expert & Personalized Mentorship

Lifelong Learning Resources

Free Lab Access

End to end placement support

Globally Recognized Certification Guarantee

Complementary Resume Building from Experts

Guaranteed Internship

ABOUT PLACEMENTS

01.

We offer 100% Placement Assistance, backed by a strong network of 300+ Placement and Internship Partners to support your career growth.

02.

We have successfully placed more than 5000 candidates throughout our journey

03.

Students who complete the mandatory training program qualify for our placement assistance program

04.

Real-time training and excellence make Omnilearn the recruiters' top choice

WHY SAP PP COURSE AT OMNILEARN?

Comprehensive training
on the latest SAP
technologies and tools

Access to expert
instructors and a
supportive community
of fellow learners

ISO and Global
Quality Control Board
Accredited
Certification

100% Job Support
end-to-end

LMS Subscription
for Lifetime

Free Server
access

Capstone Project
and Internship
Opportunity

Flexible learning
options to fit your
schedule

CERTIFICATION PROCESS

1

Counseling:

Register for the course and follow the enrollment process

2

Engage in the Learning Process:

Attend all lectures, webinars, and tutorials. Participate actively in discussions and complete all the projects assigned by the instructor

3

Course Completion Certificate:

Complete the course as per the schedule and receive the globally accredited certificate from Omnilearn.

4

Global Certification Exam:

Get complete support with globally recognized certification and guidance to update your resume and LinkedIn profile with your new certification.

COURSE CONTENT

Repetitive Manufacturing(scenario)

- Master Data
- Rate Routing
- Production Line
- Production Version
- Planning Table Back Flush
- REM Profile

Batch management

Variant Configuration (Overview)

Data Uploading Tool (LSMW) BDC

PP Plant Configuration

Demand Management

- Planned Independent requirement Customer Requirement
- Planning Strategy
- Planned Order

COURSE CONTENT

Production Control Cycle

- Shop Floor Customization
- Purchase Order, Production Order
- Configuration of Order Type
- Order Confirmation
- ECM
- PP Reports
- COGI
- Co Product /By Product
- PP Integration with Other Modules QM,MM,SD,ABAP etc

Capacity Planning

- Available Capacity
- Evaluation
- Overloading / Under Utilization Leveling of Capacity

RICEF

- Table and Fields Knowledge for FS Preparation

COURSE CONTENT

Project Reporting and Analytics

- Reporting tools and features in SAP PS
- Analyzing project data and generating reports

Integration with Other SAP Modules

- Integration with SAP Financial Accounting (FI) and Controlling (CO)
- Integration with SAP Material Management (MM) and other relevant modules

Project Closure and Archiving

- Project closure activities and documentation
- Archiving project data for historical reference

Best Practices and Real-World Scenarios

- Best practices for SAP PS implementation
- Real-world project management scenarios and case studies

OUR ACHIEVEMENTS

INDIAN ACHIEVERS AWARD

ON-SITE TRAININGS

ON-SITE TRAININGS

OUR CANDIDATES PLACED AT

5,000+ students trained at Omnilearn are now thriving in top companies across the globe. The next success story could be you.

REVIEWS

Click on the link and check all our candidate's feedback:

<https://theomnilearn.com/courses/sap/sap-pp#give-review>

"The trainer's shop-floor experience showed the production order lifecycle was explained with real-world context, not just theory."

Harsh Agarwal ★★★★★ 5/5

"Good coverage of discrete, repetitive, and process manufacturing scenarios. Helped me see how different industries use PP differently."

Zainab ★★★★★ 5/5

"Recorded lectures and downloadable notes made it easy to revise before interviews."

Tanvi Rathie ★★★★★ 5/5

"Liked how the course covered both make-to-stock and make-to-order strategies with clear comparisons."

Yash Trivedi ★★★★★ 4/5
