- ❖ **Globally Recognized Expertise**

Join us for industry-recognized excellence in the digital era.

Course Description

This SAP MM (Materials Management) course is designed to provide a comprehensive understanding of procurement and inventory management processes in SAP. Learn to configure, manage, and optimize material and supply chain workflows with hands-on training. Ideal for professionals in logistics, supply chain, and procurement roles.

Key Points Learned

- Covers procurement, inventory management, material master data, and vendor management.
- Hands-on exercises to understand end-to-end material management workflows.
- Learn SAP MM integration with other modules like FICO, SD, and WM for seamless operations.
- Gain skills to configure SAP MM settings for specific business needs.
- Industry-recognized certification to boost your career in supply chain and material management.

Course Curriculum

- **Introduction to SAP MM:** Understanding the basics of SAP MM and its role in enterprise resource planning.
- **Master Data Management:** Learning to manage key data elements such as material master, vendor master, and purchasing info records.
- **Purchasing Process:** Gaining insights into procurement processes, including purchase requisitions, purchase orders, and vendor selection.
- **Inventory Management:** Exploring inventory control, stock movements, and physical inventory procedures.

Course Curriculum

- **Invoice Verification:** Understanding the process of verifying invoices and managing discrepancies.
- **Material Valuation:** Learning about valuation methods, price control, and inventory valuation.
- **Integration with Other Modules:** Examining how SAP MM integrates with other SAP modules like SD (Sales and Distribution) and WM (Warehouse Management).

Career Benefits

- Proficiency in SAP MM is highly sought after, increasing job opportunities in various industries.
- SAP-certified professionals often command higher salaries due to their specialized skills.
- SAP certification is recognized worldwide, opening doors to international career prospects.
- Expertise in SAP MM can lead to roles such as SAP MM Consultant, Materials Manager, or Supply Chain Manager.
- With many organizations implementing SAP systems, the demand for skilled SAP MM professionals continues to grow.

Omnilearn Advantage

Unlocked

- Tailored course material to suit the learner's experience and knowledge level.
- Real-world projects to apply concepts and enhance learning.
- Access to downloadable resources for future reference.
- Practice exams that mimic real test conditions to boost exam readiness.
- Industry-recognized certificate awarded upon program completion.
- Round-the-clock support for all learner inquiries.
- Year-long access to recorded lessons for review and learning at your convenience.
